

ElecLink Amended Capacity Split for 2022

In accordance with the [ElecLink Splitting Rules Methodology](#), ElecLink may amend its capacity split to meet the requirements and needs of the market. The amended capacity split for 2022 is as follows:

Timeframe	MW
Annual 2022	0MW
Seasonal	Winter: 250MW
Quarterly	Quarter 3: 150MW
	Quarter 4: 300MW
Monthly	July, August, September: 300MW
	October: 200 MW
	November, December: 250MW
Day-ahead	Any remaining capacity

The amendment relates exclusively to the monthly capacity allocated for October. Based on data analysis and reduced hedging needs for the month of October, the volume allocated in the monthly October auctions is decreased by 50MW from 250MW to 200MW.
